HITESH KUMAR

AI & Data Science Developer | B.Tech Undergraduate
Email: hiteshkumar.techdev@gmail.com | GitHub: github.com/hiteshkumar-dev

SUMMARY

Passionate AI & Data Science student specialized in building machine learning pipelines, interactive web applications, and intelligent agent workflows.

EDUCATION

B.Tech in Artificial Intelligence & Data Science (2025 - 2029)
Relevant Coursework: Data Structures, AI, Machine Learning, DBMS, Web Development

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL, HTML5, CSS3
Frameworks & Libs: React, Node.js, Express, NumPy, Pandas, Matplotlib, Scikit-Learn
Tools & Databases: MongoDB, Git, GitHub, VS Code, Postman, Vite

FEATURED PROJECTS

1. Krisora - Luxury E-Commerce Platform

- Engineered full-stack e-commerce experience with interactive catalog & responsive cart.

2. LeetCode Submissions Sync Tool

- Automated syncing of competitive coding solutions to GitHub repositories with detailed notes.

3. Real-Time Chat & Collaboration Suite

- Built low-latency messaging app with WebSockets, room management, and media sharing.
